Washington Attorney Polled
Next to Highest Vote
for Assembly.

Educated in This City and
Well Known in Mary-
land Courts.

According to complete returns from Prince George county, Md., Oliver S. Metzgerott, a practicing attorney of this city, who was elected to the Maryland Legislature, leads all Republicans and all Democrats except one in the fight there for the State Legislature.

The Democrat whose vote is greater than Mr. Metzgerott's is J. Enos Ray, who has already served two terms in the Legislature, and who will probably be the speaker of the house next session. The votes of the four elected from the county are now given as follows:

Ray, Democrat, 1,867; Metzgerott, Republican, 1,678; Bond, Republican, 1,333; and Pease, Democrat, 1,322.

Mr. Metzgerott whose home is in Hyattsville, is well known here and in Maryland courts as a lawyer. He was born in this city December 6, 1874. He was educated at the Emerson Institute, and, while there, was awarded one of the two Pinckney medals, the highest honor in the school. He graduated from Princeton with the degree of Bachelor of Science in 1898. Three years later he graduated in law from the National University of Washington.

SOUTHERN WRECKED; 5 CARS OVERTURNED

RICHMOND, Va., Nov. 8.—The fast southbound train No. 10 on the Southern railway, between Cincinnati and Jacksonville, was derailed in a cut five miles south of Union, S. C., early this morning.

A broken rail caused the accident and all the coaches except the Pullmans were turned over.

Twenty-eight passengers in the overturned coaches miraculously escaped serious injury. Traffic will be blocked for several hours.

GETS FIVE-YEAR SENTENCE.
Louis King was sentenced to serve five years in the penitentiary today by Justice Stafford on a charge of assault with a dangerous weapon.

FIVE-YEAR SENTENCES FOR HOUSEBREAKING

Justice Stafford today imposed sentences of five years on Lewis Bateman and Harry Wilson, who pleaded guilty to an indictment charging depredation on private property. Wilson was also charged with larceny and housebreaking.

Hunter Smith and John F. Gilliam, charged with having been members of the same gang, and jointly indicted with Wilson on charges of housebreaking and larceny, were treated leniently by Justice Stafford. It is alleged they secured nearly \$471 worth of goods from the dwelling of William C. Robinson.

The two boys were at one time inmates of the Reform School, and after escaping, entered upon the job which brought them to face the court today.

FOUR DISORDERLY; \$5 EACH.
Four disorderly conduct prisoners, Robert Shorter, William White, Charles Johnson, and Mary Lawson, were fined \$5 in the Police Court this morning.

YOUNG BABE HURLED FROM FAST TRAIN

CUMBERLAND, Md., Nov. 8.—The authorities are investigating the death of a child, which was evidently thrown from a Pullman car some time during the night. Wrapped in a bed sheet, with a shoe string tied tightly about the neck, the little body was picked up along the tracks by railroad men at Terra Alta, sixty miles west of here, this morning. Apparently the babe was only about two weeks old. It has not been determined definitely whether the infant was dead before it was thrown from the car, or died from the fall and consequent exposure.

OETZELL PLEADS NOT GUILTY.

William Oetzell pleaded not guilty when arraigned today before Justice Stafford on a charge of embezzlement. The indictment pending against Oetzell alleged that at divers times while acting as the agent of J. A. Bokel Company, of Baltimore, Md., he embezzled \$1,454.54.

L. S. DEPUÉ IS BETTER.

Ledy S. DePue, who sustained severe injuries by falling from the window of his mill at Harpers Ferry, was reported much improved today.

DIAMOND THIEF WANTED; MAY BE E. A. LEIFELD

Major Sylvester today received a circular from the police of Jersey City, giving a description of Anton F. Lowfelder, who is wanted in that city for the larceny of a quantity of unset diamonds. Lowfelder secured employment in a jewelry store as a watchmaker, claiming that he was in hard luck, and had lost all of his tools in a fire. He took a quantity of unset stones, saying he had a customer, and failed to return, it is said.

The Washington police believe Lowfelder is the man who, under the name of E. A. Leifeld, robbed the jewelry store of Schmiedle Bros., 704 Seventh street northwest, of articles valued at \$2,500 in 1904. Leifeld was employed by the firm as a watchmaker, and after working a few days disappeared with a number of watches and rings.

He was arrested in Montreal a few days after he left Washington, and brought back by Detectives Baur and Muller. He was convicted of grand larceny, and sentenced to two years and six months. His term expired February 18, 1906.

CONFESSES STEALING \$90,000 FROM BROKERS

NEW YORK, Nov. 8.—A sad echo of the recent slump in the stock market was heard today when George Brouwer, former confidential manager for James M. Olyphant & Co., Broad street brokers, pleaded guilty to a charge of grand larceny in the first degree, growing out of peculations from his employers.

Brouwer was arrested October 12 charged with stealing \$90,000 from Olyphant & Co. At the request of District Attorney Jerome, Judge Rosinsky postponed sentence for a week and remanded Brouwer to the Tombs.

WHEELER DEATH ACCIDENTAL.

The coroner's jury this morning returned a verdict of accidental death in the case of William Wheeler, a stationary engineer, living at 100 E street northwest, who was killed while riding a bicycle, by being struck by an electric car.

TAYLOR GOES TO PORTO RICO.

J. Knox Taylor, supervising architect of the Treasury, is on his way to Porto Rico on matters connected with the erection of the San Juan postoffice, which is to cost \$300,000.

POLICE INSPECTION NOV. 26.

The annual inspection of the several police precinct commands and station houses will be held November 26, 27, and 28. The board of inspection will consist of Maj. Richard Sylvester, Inspector F. E. Cross, Inspector H. L. Lessford, and Col. Burton R. Ross.

RAZOR WIELDER FINED \$10.

On the charge of disorderly conduct, Edward Shelton was this morning found guilty by Judge Muldowny in Police Court and sentenced to pay a \$10 fine. It was charged that Shelton threatened his sister and mother with a razor.

THIS WHOLE FAMILY HAS CONFIDENCE IN IT

Grateful Mother Tells Her Experience With
Father John's Medicine.

Mrs. James O'Brien of 3745 Hillside Avenue, Cincinnati, writes: "My husband has had a very bad stomach for eight or ten years and has a cough. Doctored by several good doctors, to no effect. He has been taking Father John's Medicine for about nine months and to our astonishment his trouble has completely disappeared. My husband is a railroad man and is subjected to all sorts of weather, day and night. If he should get wet or even work long hours, before he lies down he has to have his Father John's. Also I have two boys that have more confidence in this medicine than anything in the drug store. If they have a cough, cold, or even if they feel a little out of sorts, the only comfort they have is Father John's Medicine. When they went to school last winter, as soon as they came home they would say, 'I don't feel good, mamma, you must give us some Father John's Medicine tonight.' You are perfectly welcome to publish anything in regard to the medicine, as far as my family and myself are concerned; we cannot speak too highly of it." (Signed) Mrs. James O'Brien, 3745 Hillside Avenue, Riverside, Ohio.

"Cure all throat and lung troubles, not a patent medicine, and free from poisonous drugs or alcohol; 50 years in use."

Parker-Bridget Clothing

is not made by one concern whose methods, manners and operations are necessarily based upon individual product and who must naturally be bounded by the confines of a limited organization.

TO be influenced and gauged by one maker, or by the conditions which arise with retailers who do their own making, naturally tends toward narrowing the field of endeavor and progress—and serves in a great degree as a handicap.

That question we decided years ago.

It is absolutely essential for the best interests of a store and its clientele, to be served by a coterie of organizations each recognized as the superlative in its class.

Such is the condition that exists in the operation of the Parker-Bridget establishment, and thus Parker-Bridget Clothing is the product of this country's most advanced tailoring organizations—modeled upon advanced and exclusive designs—artistically accurate and in styles which are distinctive and expressive of the cleverest fashion ideals of the moment.

It is easy to distinguish Parker-Bridget garments because the shoulders, the collars, the lapels, the sleeves, and the shape-retaining parts are executed so differently better.

There is no bridge at all between Parker-Bridget clothes and the high-class tailored-to-order product except the bridge of price. Suits and Overcoats \$15.00 to \$50.00.

The Remarkable Durability of HESS SHOES

Different makes of shoes may look alike, but the inside work, the part not in full view, is what makes the difference in durability.

Besides, the leathers and findings may differ widely. Cheap leather and materials may be worked up into fairly GOOD LOOKING footwear. But the test-wear proves their shortcomings.

The policy of HESS SHOEMAKING—for 50 years—has been "only the best," in leather, findings, and workmanship. This policy, steadily adhered to for so many years, has brought fame and success to the HESS product.

EXPERIENCE HAS TAUGHT MANY A MAN THAT HESS FOOTWEAR IS THE MOST DURABLE HE CAN BUY. BUY ONE PAIR AND YOU ARE SURE TO BECOME A STAUNCH HESS ADVOCATE.
